Attn The Secretary

RE; CONSTITUTION AMMENDMENT for AGM

I wish to submit an amendment for consideration at the coming Annual General Meeting on November 4th 2018.

Section 6 Definitions of and qualifications for membership

- 1) Ordinary Membership
 - a) Active Membership
- Qualifications for Active Membership

Add in Clause vii)

“The person registered as an active Member must have competed in at least one DTBC organised boating event in their registered boat in the previous year.”

Reason for amendment

For many years there have been boats stored in the Boat Park that have not put to sea and the boat owner / member claims Active Membership through default.

Some boats also do not meet clause 6 in the Boat Parking Agreement. (the vessel must be in a good and towable condition)

These boats are just stored and take up room that can be utilised by members who require storage and will use their boats and be a true active member.
